Action Distance

From PatternWiki

Image	
Test field	{{{PageToCall}}}
Description	To model distance between two geographical places in terms of both physical distance but also distance as measured in time required to get between the two places using different modes of transport.
Sourced from	
Depends on	
Covers CQ	▪ How long is it between X and Y using the metro? ▪ How far apart are Z and W?
Example usage scenario	Getting between two places quickly using either bus or subway. Calculating response time for emergency management purposes.
Example usage image
